## **Suggestions To Help You Receive CEUs/PDHs for WaterISAC Webcasts**

You may be eligible to receive Continuing Education Units (CEUs) and/or Professional Development Hours (PDHs) for viewing WaterISAC webcasts.

Participants are responsible for checking their state/province requirements to ensure that webcast hours are accepted, as well as submitting the required information to their states/provinces.

The following steps are suggested to help you receive credit for webcasts:

1. Contact your state/province licensing agency to verify that CEUs/PDHs will be awarded for the webcast. Certification contacts are listed on the [Association of Boards of Certification Website](#).
2. If the hours are approved, identify a site moderator who will verify your attendance.
3. Have your site moderator fill out the attached Webcast Attendance List to document your attendance.
4. Have the site moderator sign the attached Webcast Certificate of Completion.
5. When the webcast is completed, provide your state/province with a copy of the Webcast Attendance List, Certificate of Completion, agenda, speaker bios, and any other materials required.

While WaterISAC itself cannot apply to each of the state certification authorities, we welcome ideas to smooth the process to help you apply.

Please contact WaterISAC with any questions.
