

Hurricane Preparedness Webinar

CRITICAL INFRASTRUCTURE HURRICANE RESPONSE DURING A PANDEMIC

The Cybersecurity and Infrastructure Security Agency (CISA) invites you to participate in a webinar discussion on its role and resources in annual hurricane preparedness.

CISA staff and partners will discuss plans on how we plan to execute improved preparedness and response activities during the approaching hurricane season.

This webinar will address how the COVID-19 pandemic can affect disaster preparedness and recovery, and what you can do to keep yourself, others and our critical infrastructure safe and secure.

Representatives from CISA's National Risk Management Center, National Coordinating Center for Communications (ESF#2), Cross Sector Business and Infrastructure (ESF#14), and together with National Business Emergency Operations Center (NBEOC), and the National Oceanic and Atmospheric Administration (NOAA) will highlight capabilities and plans for this coming Hurricane Season.

Audience

Federal, State, local, and private sector stakeholders and decision makers who are interested in better understanding the risks involved with critical infrastructure systems and interdependencies.
